Dear Catherine Hand,

Purina Mills is the leader in the animal nutrition industry and as such we receive hundreds of request for products and services each year. Your group was chosen this year to be the recipient of our annual Equine Affaire™ Nicker Maker® Campaign.

The southern CA Purina Mills sales team sold Nicker Maker® horse treats at our Equine Affaire booth with 100% of the money being donated to your group. This year, Land O'Lakes Purina Feed will donate over 10 million dollars in products and services to animal organizations like yours. Today, I am excited to send you a check in the amount of \$500.00 from our sale.

We hope this donation will help your organization continue to provide valuable therapy horses to those in need, We hope you will use this money specifically to purchase Purina horse feed for your horses. Best of luck.
